Missing Skills

- computer vision
- express
- rest api

Resume Strengths

- Email address found.
- Phone number found.
- Resume length is within the recommended range.

Improvement Suggestions

- Add these missing skills relevant to the target role: computer vision, express, rest api.
- Add missing resume section(s): experience.
- Strengthen your summary/experience with quantified, specific achievements.
- Add a specific, measurable accomplishment from your most recent role (e.g. a process you improved, a target you exceeded).
- Include any certifications, training, or ongoing professional development relevant to this field.
- Emphasize leadership, mentorship, and cross-team/strategic impact.
- Missing required section(s): experience.
- No quantified achievements found (numbers, %, metrics).
